CITY OF HAM LAKE

Fee is \$61.00 – Permit is obtained through the Building Department

9-330.7 Temporary Commercial Structures Following review of a site plan and building code compliance by the city staff, the City's Building Official may issue a permit for a Temporary Commercial Structure ("TCS") under and subject to the following conditions.

A. Definitions

1) Temporary Commercial Structures ("TCS") are shelters having walls or partial walls and a roof, constructed of fabric, wood, plastic, glass or metal, or combinations thereof, which have no permanent foundation and are intended for temporary usage in connection with merchandise sales or sponsored activities of a permanent business. A portable toilet is not a TCS. For the purpose of this code, the following shall not be considered to be TCS, and shall not be allowed to be used as a TCS: mobile homes, travel trailers, motor homes, semi-trailers or any other conveyance designed for or capable of traveling, by self-propulsion or trailering on public roadways. This Article specifically also does not pertain to Legal Fireworks, the sale and display of which is exclusively governed by Article 9-330.6.

2) Parent Business is the permanent business located on the same real estate parcel, or on a real estate parcel adjoining the real estate parcel upon which the TCS is proposed to be located.

3) Permit is a permit which may cover up to three separate events using a TCS.

B. Zoning Districts TCS may be located only in districts zoned CD-1, CD-2, CD-3 or CD-4.

C. Relationship to Business A TCS may be used only in connection with a Parent Business located on the same or a contiguous real estate parcel.

D. Locations A TCS may be located on any area of the parcel upon which a permanent structure could be legally constructed, but may not be located over any portion of an existing individual sewage treatment system or well.

E. Parking and Accessibility The site plan submitted in connection with the TCS shall demonstrate the following:

1) That there is adequate space for parking on bituminous or concrete surfaces for all customers and employees expected in attendance;

2) That the proposed activity will not create any traffic hazards on nearby roadways due to stacking, congestion or turning movements;

F. Duration The following timing conditions shall be applicable to TCS:

1) The TCS may be used for up to six weeks in any given calendar year. This period may be divided into up to three separate usages, each of which usage must be separated by at least thirty days' duration.

2) No activities involving the general public shall take place at the TCS during hours in which the Parent Business is not open for regular business.

G. Physical Features The height, dimensions, structural components, and any electrical, gas, or plumbing features for each TCS shall meet the provisions of all state, county, municipal or federal codes, including, without limitation, the International Building Code, fire codes, electrical code and plumbing code. All signage must meet the City's sign codes, including temporary signs.
